Jonathan Stewart Thomas

Cave Explorer

CS 161 Section 01

03/17/2024

- Progress summary
  - a list of action items that were completed.
    - New accomplishments that can be verified.
      - Moveable blocks now stap to a grid
      - Set up React front end
    - Features that have been finished so far.
      - React front end is set up, just need to create the front end for sign up and log in.
      - The back end is mostly finished. Just need to link the front end to the backend once that is finished.
      - The game mechanics are fully finished. There are 3 finished levels.
  - list the missing milestone (if any)
    - Front end for sign up and log in M3 (02/19 - 03/01)
    - Adding the textures to the game M4 (03/04 - 03/15)
    - Administrative Functionality M4 (03/04 - 03/15)
    - The current milestone is M5
      - Design ways to solve the puzzle
      - Implement hints
      -
